Roger Hartman Found Shot

Youth 17, Being Held In Question

Roger Hartman, 40, of Higgins Township, an employee of Bear Archery Company and father of four, was found dead of gunshot wounds in the chest at approximately 3 a. m. Sunday, July 2nd, a mile and a tenth north of N 144 on Chase Bridge Road in South Branch Township, Crawford County.

Roger Hartman

Being held in the Roscommon County jail is Pete Marsack, 17, of rural Roscommon, who turned himself in to Roscommon County Sheriff Oliver Britton, after allegedly saying "I shot a man."

No final charges had been made at time of going to press, according to Crawford County Prosecuting Attorney Ward Ellison, and further investigation is being made. Marsack has requested counsel, and his attorney was not available at this time.

Mrs. Hartman reported someone shooting on M-144 to Sheriff Britton, who dispatched a patrol car to the area, but no one was found at the scene. While the car was out Marsack turned himself in at the Sheriff's office.

Britton notified Crawford County authorities and Hartman's body was found in the middle of Pioneer Road just off Chase Bridge Road.

Crawford County Coroner Derek McEvers ruled death was caused by a gunshot wound through the chest.

A 30 calibre rifle was reportedly found at the home of Marsack's brother, Paul, where he is said to have gone before reporting to the Sheriff.

Roger Hartman was born April 17, 1927 in Crawford County. He was a World II Navy veteran, and a member of the St. Helen American Legion Post. He had lived in Crawford County all his life.

Survivors are his wife Velma, three sons, Rodney, Randy and Roy, a daughter Robin, his parents, Mr. and Mrs. Fred Hartman of South Branch Township, three brothers, Wilson of Roscommon, Roy of Colorado Springs, Colo., Norval of Roscommon, three sisters, Mrs. B. (Henrietta) Keith, Mrs. B. (Mrs. Dan) (Marjorie) Hart, Alpena and Mrs. Robert (Vera) Papefus of Riverdale.

Funeral services were at 1:30, July 5 at the South Branch Baptist church, with the Reverend William Pitkey, officiating. Burial will be in Rock Cemetery, Eldorado, South Branch Township.

ALPENA MAN IS HIT-RUN FATALITY

Lawrence Gray, 53, of Outer Drive, Alpena, was a hit-run victim Tuesday night, June 27th, while walking along the south-bound lane of US-27 just north of the Fletcher overpass near Grayling. After being struck down by one vehicle, his body was then hit by a second car, and a third swerved to avoid him, veering into a ditch. Names of these drivers were not released.

Gray, a retired Alpena policeman, was pronounced dead at the scene by Crawford County Coroner Derek McEvers, who attributed death to severe head injuries.

Several persons are being questioned by state police, but no one has yet been charged.

Counties in the district are: Antrim, Benzie, Charlevoix, Crawford, Emmet, Grand Traverse, Kalkaska, Manistee, Missaukee and Wexford.

At the May 26 meeting, the county representatives adopted district rules, the amount of each county's financial participation.

Summer Camp Mackinaw City Trip Changed

Fraser Dean, Director of the Crawford AuSable Summer Day Camp, has announced a change in the date of the scheduled excursion to Fort Michilimackinac and Wilderness State Park. Originally the trip had been set for this Friday. However, on that date Federal Government inspectors will be in Grayling to review the Title I summer program. The Director and staff will have an opportunity to discuss the various phases of the program with the inspectors. Because of this visitation, the Mackinaw City trip has been rescheduled for Monday, July 10th.

On Wednesday, July 12, the Crawford AuSable campers will play a softball game with the summer program members from Roscommon. The game will be played here at the Grayling Elementary School. Coach Don Ferguson will select his team from among the older students in the summer program. Other games have also been tentatively scheduled for the next few weeks.

The next major excursion scheduled for the summer program is a trip to the Lake Michigan sand dunes. A picnic, as well as a softball game and other events, will be part of that day's program. July 21st is the date of this trip.

Friday, August 4th, is the finale of the summer camp program. On that date the staff and student participants will travel to the Cherry County Playhouse in Traverse City. They will attend a delightful musical entitled "Thumbelina," produced by the Children's Theatre. This will be followed by a picnic at noon, after which they will visit the Traverse City Zoo. Mrs. Don Ferguson, Camp Counselor, stated, "Last year the excursion to the Cherry County Playhouse was the one most enjoyed by the youngsters in the summer program."

Grayling Country Club Women's Auxiliary

Seventeen couples participated in the "Best Ball Twosome" at the course on July 2nd.

The following couples won prizes: Mary Pettengill and Richard DuBois; Ann DuBois and Don Jansen; Eunice Slusser and Carl Nielson; Gloria Kraus and Don Akers; Thelma Madison and Dale Pettengill; Bill Sorenson and Peg Milnes; and Liz Vajda and Bill Scheer.

After the golf a chicken dinner was enjoyed by all.

Serving on the golf committee were the Dale Pettengills and Mr. and Mrs. Richard DuBois. The dinner committee was made up of Mr. and Mrs. Ray Slusser, Mr. and Mrs. Don Akers, Mr. and Mrs. Sam Collins and Mr. and Mrs. Don Jansen.

Frederic Fire Dept. Sponsor Parent-Child Movie Program

On Monday evening, July 10th, the Frederic Fire Dept., after a brief business meeting, will put on a movie program, relative to adult and child safety.

Three reels of movies have been secured from the Michigan State Police Post, East Lansing, titled "Too Young to Burn," "Before They Happen" and "Teaching Johnny To Swim."

These subjects have been selected for their instructional and disciplinary values to parents toward educating youngsters in the 5 to 14 years age bracket, relative to burn accidents and hazards in and on water.

Parents in the Lovells, Maple Forest, Grayling and Frederic areas are cordially invited to the "show". Bring your children—there will be a chocolate beverage and donuts for them, and coffee and donuts for you.

Show will begin between 7:30 and 8 o'clock, at the Fire Station.

LITTLE LEAGUE GAMES!

By Harry Miller

The Moose were on the rampage last week, trampling over the Military in two close, well-played games, 5 - 4 and 6 - 3. Red Weaver, with fine control pitching and three hits, helped the Moose cause. There were many good defensive plays in both games.

A. J. Sorenson and Legion clubs split. The first game was won by Sorenson 7 - 3, a close duel until the fifth inning when the sluggers broke loose for five runs. In the second game Sorenson tasted defeat. An exciting game pitching duel between Kim Parkinson of Sorenson and Bob Miller of the Legion. Both teams fought until the last out, with the Legion on top 2 - 1.

Attendance at the games has been good. However, there still are a few box seats available between home and first base for the next game.

The Little League baseball tournament this season will be played at West Branch, starting on Monday, July 17th at 2 p. m.

The teams involved are Grayling, Huron Shores, West Branch Alpena, Oscoda and Rogers City.

Grayling clashes with Huron Shores on Monday, July 17, at 2. Keep this date in mind and cheer this fine team. I'm sure many Moms and Dads won't miss this game.

You will notice that major league action will now stop, due to All-Star practices, and will resume after the tournament. However, you may enjoy minor league play which is now under way at Millikin Field at 6 p. m.

At a baseball managers meeting last week, the following players were selected to represent Grayling in the tournament: Larry Nielson, Jim McClain, Dale Bonamie, Red Weaver, Bob Miller, Randy Sadjak, Jerry Gildner, Kim Parkinson, Wayne Wheeler, Bill Horning, Pat Mason, Tom Vajda, Brad Hatfield and Jim Skolasky.

Alternates: Dan McClain, Mike Hoffman, Steve Persing, Dave Vajda, Bill Millikin.

Members of the 115th Tactical Control Flight from Dothan, Alabama, moved into Grayling Army Airfield last Saturday for their two week training period.

The main body of the 115th was airlifted to Alpena then bussed here on the weekend. They have replaced the 128th Tactical Control Flight of Milwaukee, Wisconsin, who had been at the airfield the past two weeks.

L. Trudeau Honored On Retirement

Lawrence Trudeau was the honored guest at a dinner given at 6:30 p. m. Friday evening, June 23rd at Chief Shoppenagons Motor Hotel in recognition of his retirement which became effective June 30th. Lawrence has worked as a carpenter at Camp Grayling and worked his way up to be head of the carpentry section during his twenty years of service.

His fellow workers, Bob Klein, Marlin Weaver and Calvin Knowles, organized the affair, which was a stag dinner with forty-three attending, including Brigadier General Carson Neider, Quartermaster General of Michigan, who presented Larry with a certificate of appreciation for his years of service with the Department of the Military.

Several of those present made some comment on their knowledge and experience of the guest of honor, and he was presented a gift of luggage from the people of Camp Grayling.

Lawrence was born in Cheboygan to the late Elizabeth and Anthony Trudeau, accompanying them to Grayling about 1915. He attended schools here and was married in 1931 to the former Maxine Collier. They have two sons, Jack, who now lives with his family in Phoenix, Arizona, and Richard, who lives with his wife and son in Lansing, and two grandchildren.

At present Lawrence has no definite plans, but Mrs. Trudeau says she hopes they put the luggage to use at least during the winter.

Beaver Planes To Bolster Fire Control Program

LANSING — Fire-fighting forces of Michigan's Conservation Department have gained new airborne watchdogs and added strike-power with last week's acquisition of three high-powered "Beaver" planes from the U. S. Air Force.

The rugged, single-prop planes, which cost about \$100,000 apiece new, were made available free through the General Services Administration as excess federal property — a saving of \$300,000 to the Department and State of Michigan.

Milton M. Bergman, the Department's forest fire chief, sees addition of the three "Beavers" as a "milestone in Michigan's already highly-touted program of aerial fire detection and control."

"All three of the planes seem to be in tip-top flying condition and we look upon them as the answer to this state's growing problem of crown fire control," says Bergman. "At least," he adds, "they will give us the strike-power to take the offensive against crown fires instead of always being on the defense."

The fire chief points out that the "Beavers" are real "bread-and-butter" planes in fire control work in Ontario's remote forest areas.

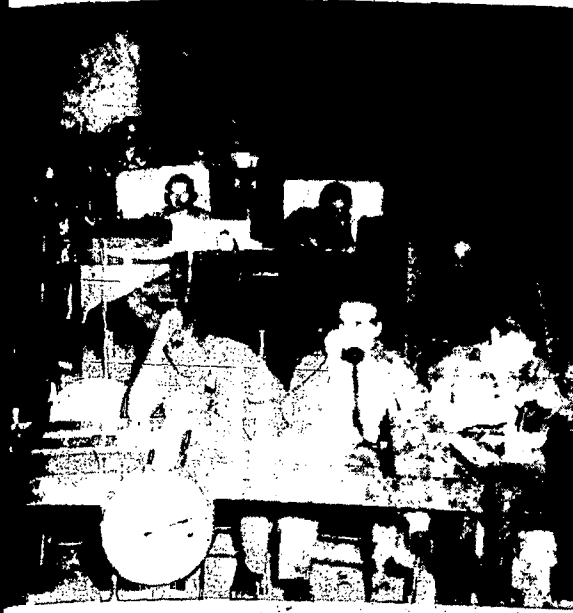

Plans of the Department are to immediately equip one of the all-metal, 450-horsepower planes with a 170-gallon water tank, pontoons, and other gear to make it combat ready for water-bombing fires, a technique to be used for the first time in Michigan.

Bergman explains that its water tank will be self-loaded on the fly by simply skimming the plane across the surface of a lake.

The all-equipped plane will be stationed by this fall in the Roscommon area. See Beaver Planes On Page 8

WHAT IS CO-OP NURSERY?

What is a cooperative nursery? Mrs. Paul Hines, teacher from the Cadillac Co-op-nursery will be in Grayling to speak to interested parents. The meeting will be held in the Alumni Room of the high school on Tuesday, July 11 at 8 p. m. Everyone is invited.

Ohio's 107th Armored Cavalry Intensive Field Training

The 107th Armored Cavalry of the Ohio National Guard, supporting units have taken part in the large-scale intensive field training exercise over the continental United States scheduled to run through July 15th.

"Guard Strike I," the war game is designed to test teamwork between air, ground and armor units. It is a highly sophisticated command network linking 27 units of the District of Columbia.

The summer program is the second of a three-year operation.

1,650 officers and men of the 107th and its supporting units are engaged in tactical exercise for artillery and tanks, including mock combat with an aggressor force. Maneuvers for the 107th continue through July 8.

The 135th Artillery 1st Battalion from Lakewood, Ohio, will provide artillery support. The 131st Direct Air Support Squadron of the Missouri Air National Guard will fly simulated close air support strikes for the 107th.

The 107th, which is bivouacked throughout Camp Grayling, is headquartered in Cleveland with squadrons in the Canton-Akron-Youngstown and the Toledo metropolitan areas.

Highlight of the two-week training period was the annual Governor's Parade at 10 a. m. Saturday (July 1). Standing in for Ohio Gov. James A. Rhodes was Lt. Gov. John Brown.

Joining him on the reviewing stand were Maj. Gen. Erwin C. Hostetter, adjutant general of Ohio; Brig. Gen. Robert H. Canterbury, camp commander for Ohio; Lt. Col. Dana Stewart, commanding officer of the 107th Armored Cavalry Regiment, and Sgt. Maj. Guy Thrums.

S/Maj. Thrums was honored for 24 years military service, including 17 with the Ohio National Guard. Lt. Gov. Brown was presented him with a certificate of commendation.

A 1922 graduate of West Point, he resigned his commission in 1927 to return to civilian life. Twenty-three years later he enlisted in the ONG at the outbreak of the Korean conflict. He advanced to sergeant major, the highest enlisted rank, in 1963. Thrums, 62, lives in Akron and is employed by the Firestone Tire & Rubber Co.

At present Lawrence has no definite plans, but Mrs. Trudeau says she hopes they put the luggage to use at least during the winter.

Bits O' Talk

Mrs. Harold Longdyke and daughter Doreen got away from it all when they recently spent several days at the Hideout. The drumming of rain on the cabin roof wasn't too welcome, however to compensate for the rain are the nice long days, days that thanks to daylight savings time make the north a regular Land of the Midnight Sun. Upon returning to Southfield Doreen packed to spend a week with her sister Mary at Walled Lake and Mom and Dad headed north once more. Joanne, Harold and Baby Kellie joined them at the Hideout for the weekend. A fox has been seen roaming in the area, a sight not seen in many years. After a very pleasant weekend the cabin dwellers left for their city homes with thoughts of returning for the July holiday.

John Engel arrived home June 24th from Little Creek, Va., having served his required four years in the U.S. Navy, and is spending some time with his parents, Mr. and Mrs. Barney Engel.

Mr. and Mrs. Raymond Walczbyk and nephew of Dearborn Heights are spending two weeks at their home on the South Branch. They were entertaining a houseful of company over the July 4th holiday.

Mr. and Mrs. Harold Newman of Saginaw spent Tuesday of last week visiting their cousin and wife, Mr. and Mrs. Robert Dandy and family.

Mrs. Wilfrid Ziegler underwent surgery June 22nd at St. Joseph Mercy Hospital in Pontiac and will be there until the end of next week.

Will Schreiber returned Monday last from Midland after spending some time with his daughter, Mrs. Winnie Harris.

Mrs. Minnie Hartley arrived from Rose City Wednesday of last week to spend a few days visiting Mrs. Nyland Houghton and the Floyd Coles. She accompanied Mrs. Houghton to Traverse City on Friday.

Mr. and Mrs. Robert Aschenbrenner and four children were in East Tawas Wednesday of last week to attend an Equitable Life Insurance Company picnic for its employees. Unfortunately the weather didn't cooperate too well, as it rained all day. July 4th the Aschenbrenner family spent with his aunt and uncle, Mr. and Mrs. Alex Janice at St. Helen.

Mrs. Valetta McGuire and children Bruce and Leslie of Flushing are spending two weeks at the McGuire home on the Au-Sable.

8th Annual Forestry Exposition At Mio

MIO — Two special features will herald a grand opening of the 8th Annual Great Lakes Forestry Exposition here at 10:00 a.m. on Thursday, July 20.

The Michigan National Guard Band of 29 pieces will officially open this year's show with a march from the Mio Court House to the Exposition grounds at Sportsmen's Park on the Au-Sable River.

Representative Joseph Swallow of Alpena will be on hand to crown Mio's Queen of the Exposition for 1967, as well as present queenly gifts to her majesty from the Mio Chamber of Commerce and other interested groups.

The Mio Expo will run for three full days and nights, Thursday through Saturday, and will feature many crowd pleasing attractions for young and old alike. More than one million dollars worth of the finest forestry and logging equipment in the world will be exhibited and demonstrated throughout the show. Many educational, art and homecraft exhibits will also be displayed in special groupings.

The Great Lakes Forestry Exposition is one of the biggest forestry and logging shows east of the Rockies, and has been acclaimed one of Michigan's most exciting outdoor shows.

Last year's show attracted nearly 25,000 spectators to three days and nights of fun and frolic.

announced this week that Ellis has joined the Bear organization as sales representative for North Dakota, South Dakota, Iowa and Minnesota.

Ellis was the first president of the Prairie Bowmen of Nebraska and he also served as the first field governor of the Nebraska affiliate of the National Field Archery Association. In this latter capacity, Ellis helped develop the annual Midwestern Sectional Tournament, a program that has served as a model for other field archery tournaments across the nation.

Ellis has served as a member of the national executive committee of the NFAA for seven years.

Kelly described the reason for choosing Ellis in this way: "His close association with field archery and bowhunting on the local and national levels gives him a comprehensive and valuable background in all phases of our sport. And, his experience as an office manager of a successful Lincoln, Nebraska, firm gives him a clear insight into the problems of the retail dealer."

Mrs. Irene Plummer Dies in Midland

Mrs. Irene E. Plummer, 58, of 1401 Fournie, Midland, passed away Wednesday, June 28, 1967 after being hospitalized for five weeks. Funeral services were held at two o'clock at the Ware-Smith Funeral Home Chapel on Saturday, with the Reverend Albert Abbey of the United Pentecostal Church officiating.

The former Irene Thurston was born in Hope, Michigan. She lived in Grayling as a child and attended school here. She married Lyle Bennett in Grayling in 1925. The family moved to Flint and spent ten years there, then returned to Grayling. Mr. Bennett passed away in 1947.

Mrs. Bennett moved to Midland, and in 1953 was married to Glenn Plummer. Their home was in Midland from then on.

Besides her husband, Glenn, Mrs. Plummer is survived by three sons, A. J. Bennett and Andrew Bennett of Flint, and Daniel at home; five stepsons, Glenn Plummer, Jr. of Iowa, Jack, William, Lawrence and Michael, all of Midland; one daughter, Laura Laughton of Flint; stepdaughters, Donna, Mona Fiar, Betty Stinger, four brothers, Carl, Leon, Gordon and Donald Thurston; two sisters, Mrs. Henry Laughton and Mrs. Harold Austin of Midland; ten grandchildren, two great grandchildren, and thirty-four step-grandchildren.

Beware of Home Improvement "Con" Artists

The best way to avoid being "taken" by home improvement "con" artists is to deal with reliable local firms.

Carlton Edwards, an agricultural engineer with MSU's Cooperative Extension Service, says that deceptive home improvement operators offer common types of work. He listed black topping driveways, painting homes, spraying and repairing roofs, installing siding or home insulation, and cleaning furnaces as common examples.

Edwards urged that home owners be cautious of transient individuals or groups that offer such home improvements. However, he added that some traveling crews are reliable workmen.

He pointed out that legitimate traveling crews will be licensed with the Michigan Department of Licensing and Regulation the same as any local firm. The license stipulates they are allowed to contract for residential maintenance and alteration work coming to more than \$200. However, he noted an exception to the licensing rule: crews need not be licensed to work on farm service buildings.

"They must have a license to contract to paint a house, but not a barn," Edwards explained.

To avoid questionable firms, Edwards urged that home owners check with reliable local workman and contractors. When using local workmen if the job isn't satisfactory, the home owner will know exactly where to contact the person responsible.

Edwards also urged that home owners not rush into any agreement for home improvements.

He said, "Tell the crew that makes the contact that you want to compare cost."

And he cautioned home owners to never pay cash. He suggested that the home owner offer to pay next month, or whenever the crew sent a bill on their invoice heading. This is usually enough to scare off the con artist, he said.

WOODS - GLASSON WED JUNE 24

Miss Kathleen Grace Woods, daughter of Mr. and Mrs. Philip D. Woods of 803 Vine Street, Grayling, became the bride of William E. Glasson, son of the late Mr. and Mrs. Arthur Glasson of New Mexico and California, in a ceremony performed at twelve-thirty by the Reverend Father William McKnight Saturday, June 24, 1967.

The bride, given in marriage by her father, wore a street-length gown of white lace with cage, made by her mother. With it she wore a mantilla of the same material as the dress, and carried a colonial bouquet of white carnations and tiny pink rosebuds.

Attending the couple were Miss Janice Wieschowski and her fiancé, Thomas A. Woods, Kathleen's uncle. Both are from Alpena. Miss Wieschowski wore a pale green dress and carried white carnations.

A reception was held at the Chief Shoppenagons Motor Hotel in the Viking Room. Kathy's

godmother, Mrs. Leonard Caire of Alpena, assisted serving the wedding cake. The young couple will be having their home in Grayling have the best wishes of many friends.

Guests attending the wedding from out of town were: Traverse City, Rockwood, land and Alpena.

U. S. System . . .

The political and economic system of the United States is unique in the history of mankind. Just as the system evolved over a period of nearly two centuries and the forces that keep it a working mechanism which all of us enjoy a measure of freedom and well-being never before attained is something we people really understand.

The financial institution that perhaps more than any other single organization is responsible for the financial lifeblood flowing through the economic machinery of the country has just observed its 175th Anniversary. That institution is the New York Stock Exchange. It is the instrument and marketplace through which the voluntary investments of millions of citizens provide the capital industries that must spend billions of dollars each year to develop the productive capacity needed to produce goods and services for 200 million

people. The function of the New York Stock Exchange is to maintain an orderly marketplace for the securities of corporate America has become as indispensable as a beating heart to a living being. Gone are the days when any one man or small group could command the resources to meet our needs. The corporation, a product of the industrial revolution, has taken their place. Today, if billions of dollars could not be secured through voluntary investment, it would have to be done through government taxation—which is incompatible with a free representative government. The New York Stock Exchange is where the voluntary investment of modern industry join hands. This is the U.S.

Crawford County not only over-subscribed its quota of War Loan Bonds in the 5th War Loan Campaign, but was the first county in Michigan to report "Over the Top." A telegram from Reardon Peirson of Flint to John Bruun reads as follows: Crawford County is again over the top, leading all other counties in the State of Michigan for the 5th War Loan drive. I wish to thank you and all the people of Crawford County for this outstanding job. These are records you will be proud of for years to come. Reardon Peirson. Crawford County's quota was \$52,000. The total amount subscribed was over \$90,000.

The Olson Building on the corner of Michigan Avenue and Cedar Street, formerly occupied by the Johnson Furniture Co., has been rented by the Tucker Toy Manufacturing Co. of Detroit. The company will manufacture children's wooden toys. At present the company is preparing to install machinery and expects to be ready to open manufacturing operations about July 17th. They plan to employ some 20 women to start with and others later.

Nobody would think of Grayling as a slow town; however the city dads up there voted it back to "slow time." Robert J. Dunbar, manager of Warner Bros. Motion Picture Corp., Hollywood, is spending a few days on the AuSable, and has been showing his skill with the fly rod. Saturday morning he landed a 20-inch brown trout near what is known as Burton's Landing. It was a beautiful specimen and gave its captor plenty of action. This is one of the larger browns caught this season and is indeed one of which any angler could well be proud.

son offered the following resolution and moved its adoption: WHEREAS, Section 12 (a) of Act 51, P. A. 1951, as amended, provides that the sum of \$5,000 per annum shall be returned to each county in which the county road commission employs a registered professional engineer for the major portion of the year, and

WHEREAS, Section 224, 10 C. L. 1948 provides that the board of county road commissioners shall appoint a competent county highway engineer who shall make all surveys ordered by the board, prepare plans and specifications for all roads, bridges and culverts, and exercise such general supervision over all construction as will insure that the plans and specifications are strictly followed, and

WHEREAS, Section 338.588 C. L. provides that it is unlawful for any county road commission to engage in any public work involving professional engineering where the contemplated expenditure for the completed project exceeds \$2,000 unless the plans and specifications and estimates have been prepared by and the construction executed under the direct supervision of a registered professional engineer, and

WHEREAS, the Attorney General in an opinion issued July 2, 1945, has indicated that the

board of county road commissioners must employ a county highway engineer who is a registered engineer where the contemplated cost of the completed project is in excess of \$2,000, and that he must perform the duties set forth in Section 224.10 and 338.588 of the Compiled Laws of 1948.

THEREFORE, BE IT RESOLVED, That the Board of County Road Commissioners of Crawford County appoints John M. Keir, a Registered Professional Engineer, Certificate Number 15957, as the County Highway Engineer of Crawford County, and that his duties shall be as defined by Sections 224.10 and 338.588 of the Compiled Laws of 1948.

Supported by Commissioner R. E. Shook. All voted in favor, motion carried.

The final plat plans of "Northern Heights No. 2 and 3" were presented for approval. After examination, the plat plans were ordered returned for corrections.

The Commissioners, Engineer-Manager Keir, and Supt. Feldhauser made a trip of inspection over several roads in the county, to the Twin Bridge construction project and roads in platted areas.

Upon returned in their office a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.

In the Northern Michigan Trap League Shoot held Sunday at the Sportsman's Club, Grayling took the meet with a new league record of 222 out of 250 targets. Shooting were Phil Miller, Curly and Duane LaMotte, Bill Schramm and Stu Capling. Hiede was winner of the individual scoring, shooting 48 out of 50 target. Teams participating were Grayling, Gaylord, Bellaire, Wailoon Lake and Mancelona. Duane is the youngest shooter in the league and shoots a 12 gauge very well. Trophies were sponsored by the R & H Sport Shop of Grayling.

LOCAL COUPLE TOURS WEST

Mr. and Mrs. Carl Doroh recently returned from a tour of Western Canada and the western states. Crossing Big Mac they drove to Kenora, Ontario, travelling west through the provinces as far as Calgary, Alberta, where they spent a weekend. They found cool weather with very clear and sunny skies as they travelled along the Banff-Jasper Columbia Ice-field highway. The glacial-clad Rockies were breath-taking as well as the Athabasca glacier and its falls roaring into the swiftly-flowing Athabasca River on its way to the Arctic ocean. Driving on to Edmonton and spending part of their vacation in the rich wheat prairie lands and oil fields of Alberta, they entered the states by way of Cardston, Alta., into Montana and Glacier National Park.

Driving through the mountains they went west as far as Wenatchee, Wash. On the return into the East the Dorohs enjoyed Idaho, Montana and Wyoming, Yellowstone and Grand Tetons National Parks, Scott Bluff, Nebr., and Memorial at Mitchell Pass where over 250,000 travelled on foot, horseback and in covered wagons a little more than a century ago was inspiring. The rest of the homeward trek was made along the North Platt route viewing the rich and fertile ranches of Nebraska, Iowa and Wisconsin. The Dorohs enjoyed all the wild game as well as the thousands of sheep, cattle, hogs, growing wheat and corn, and potatoes in full bloom. One memorable occasion was at Dubois, Wyo., on the east side of the divide — US-26, a great herd of Herefords was travelling west driven by cowboys on horseback. Cars were at a standstill. Large and beautiful sires passed by cars within inches, cows and calves by their side. While waiting Mrs. Doroh talked with the herdsman. She found that they had traveled since early dawn and about 30 miles with rest stops and each spring a state permit is secured, driving the cattle as in the past up the highway and thru towns en route to the foot-hills where they graze all summer. There were two herds with approximately 400-500 in each one. In the last herd the efficient cowhands had all cattle lying down and resting while the wives had travelled on horseback with their lunch. Mr. and Mrs. Doroh returned home last Thursday.

Tourist Council Maps Plans For Autumn, Winter

SAGINAW — The Michigan Tourist Council has approved plans for a \$142,500 advertising campaign to promote Michigan vacations during the 1967-68 autumn and winter seasons.

The plan includes magazine, radio and television advertising, to be coordinated with newspaper advertising programs of the state's four regional tourist associations. The program was adopted at a June 15-16 meeting of the Council at the Ramada Inn here.

James H. Hall, Bay City, Council chairman, said the plan was approved pending appropriation of the Council's 1967-1968 budget by the State Legislature.

Backbone of the campaign are three full-page, full-color ads in national and regional editions of major magazines. Each will be accompanied by a postcard insert to aid readers in requesting vacation planning information.

The broadcast campaign, tied closely to the regional associations' advertising programs, includes more than 1,000 one-minute commercials on radio stations in 25 midwest markets and more than 280 ten-second color commercials on television stations in 11 midwest markets.

In addition, the Council plans to run 34 ads in 17 college and university newspapers, promoting skiing, and special fishing promotion ads in two major outdoor magazines.

Hall said the campaign cost is the same as the Council spent for autumn and winter advertising last year, but several major changes have been made to give more effective use of the money.

"Through research and evaluation of its programs, the Council is continually upgrading the effectiveness of its advertising as evidenced this spring by a 45 percent increase in requests for summer vacation planning information," he said.

In other business, the Council heard a report on the first test of a new technique in Council advertising, a "blitz" promotional campaign utilizing newspaper and broadcast media in Ft. Wayne. Information gathered during the blitz and subsequent surveys will be studied to fully evaluate the saturation technique and its possible future uses.

The Council also honored Robert Wooley, Mt. Pleasant, for service to the tourist industry as a Council member and its chairman. Wooley served two five-year terms and was instrumental in focusing statewide attention on the litter problem.

Publication and service shall be made as provided by Statute and Court Rule.

ORDINANCE NUMBER 23 An Ordinance to Regulate and/or Prohibit the Installation and Use of Private Water Wells Within the City of Grayling, Michigan

1. **Definition.** The term "private well" as used herein shall mean any well or excavation for purposes of taking water drilled or dug on privately owned land within the City of Grayling.

2. **Permit Required.** No person shall dig or drill or continue existing use of a private well upon any lands within the City of Grayling without having first secured a permit therefor from the City Manager of said City, nor shall any private well be extended or enlarged without having first secured a permit therefor.

3. **Application Fee.** Existing and new wells. Any person desiring to dig, drill, extend or enlarge any private well shall make application therefor to the City Manager. Any person presently making use of a private well at the time this ordinance becomes effective shall within 60 days of the date this ordinance becomes effective also make application with said City Manager for a permit to continue the use of said private well. Such application shall be in writing and shall contain all pertinent information concerning the size and location of the proposed well or extension thereof with a statement of the purpose or purposes for which water therefrom will be used. Such application shall be accompanied by a permit fee in the amount of \$10.00, which fee shall be returned in the event the permit be not granted.

4. **HEARING.** If the City Manager shall deny any applicant a permit, such applicant may request a hearing by the City Council. The City Council shall hold such hearing on said application as it may deem necessary, and may grant or deny issuance of a permit. If a permit is granted, the same shall contain such reasonable terms and conditions as the Council may deem necessary, relative to the depth or size of such private well, and the use and disposal of water taken therefrom.

5. **Regulations.** When any permit is granted for the drilling of any private well, such well shall be drilled in strict conformity and compliance with regulations contained in such permit and such well, both at the time of drilling and subsequent thereto shall be subject to inspection at all reasonable times by the Water Department of the City of Grayling.

6. **Motor.** The City Manager may, as a condition precedent to granting of any permit, require installation on any private well of a meter measuring the amount of water taken therefrom. Such meter if so required shall be installed by the Water Department of the City of Grayling, and all costs in connection therewith shall be borne by the owner of said premises and shall be an additional charge over and above the permit fee herein provided.

7. **Disposition of Waste.** No water from private wells within the City of Grayling shall be permitted to enter the sewer system of said City unless the same first pass through a meter duly installed and approved by the City Water Department.

8. **Sewer Charges.** Water from private wells deposited in the sewer system of the City of Grayling shall be subject to the same charges as are provided for the same.

9. **Revocation.** Any permit granted hereunder shall be revocable at the will of the Manager, prior to revoking such permit, shall give to the owner or operator of such well at least ninety days written notice of its intent to revoke such permit. Such notice shall be deemed sufficient if served on such owner personally, or by registered mail, or regular mail and by posting a copy thereof on the premises where such well is located in the event that personal service is not made. Use of water shall be discontinued forthwith on revocation of said permit, and said well shall be capped or otherwise treated as required by order of the Council.

10. **Purpose.** The purpose of this ordinance is to provide for and protect the general public health and welfare of the people of the City of Grayling.

11. **Validity.** Should any section, clause or provision of this ordinance be declared by the courts to be invalid, such section, clause or provision shall not affect the remainder of this ordinance as a whole or any other part thereof.

12. **Violations and Penalty.** Any person, firm or corporation who violates, disobeys, neglects or refuses to comply with or who resists enforcement of any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction shall be subject to a fine of up to one hundred dollars.

13. **Effective Date.** The effective date of this ordinance shall be July 24, 1967.

14. **Repeal.** Any ordinance, resolution or order of the City of Grayling which is inconsistent with this ordinance is hereby repealed.

15. **Amendment.** This ordinance may be amended or repealed by the City Council at any time.

NEW WATER "SOURCE"

Michigan may become even more a "water wonderland" if a proposal by John R. Snell is undertaken by the state.

Snell, former dean of MSU's College of Engineering and now president of a Lansing engineering company, proposes that a 300-ft.-wide channel connect a series of lakes to give Michigan an inland trans-state waterway.

Water from Lake Huron would be pumped into the channel inlet, somewhere near Pt. Huron. Using many available lakes and streams, the waterway would connect with the Looking Glass River near Lansing. From there it would cross above the Grand River and connect into the widened and improved Thornapple River and Battle Creek River.

Eventually, the waterway would link into the Rabbit, Paw Paw, and Grand Rivers flowing into Lake Michigan at three points.

A number of other rivers would interconnect, giving Michigan approximately 800 miles of connected passages for boats more than 1,800 miles of shoreline.

Channels would be deep enough to handle cruisers up to 50 ft. in length.

Ample supplies for much of the state would be one of the major benefits such a waterway would bring to the state. Many communities which now suffer water shortages would be provided with an endless supply from this sparkling, fresh resource.

Increased recreational facilities is another benefit. Dams built along the channel would provide hydro-electric power. A general "clearing up" of existing lakes and rivers would accompany the construction of the channel, thus helping to eliminate current water pollution.

Flood control and a boost to Michigan's tourist industry would be subsidiary benefits.

Snell estimates the cost at about \$490 million but notes that project expense could be recovered within ten years by selling the improved waterfront property for private development.

He points out that, over a longer period, sale of water to municipalities, industry and agriculture could turn the project into a profit-making venture.

The state could net some \$20 to \$50 million annually, he estimates.

No estimate of time needed to complete such an undertaking has been given and Snell hastens to point out that all of his studies have been preliminary.

The first step in undertaking such a venture would be through the legislature's authorization of more detailed engineering

studies. If the decision were then to proceed, an authority much like that set up for the Mackinac Bridge would probably follow.

Uninsured motorists who pay \$35 each year in lieu of automobile insurance leave themselves wide open to financial hardship, notes Secretary of State, James Hare.

The \$35 fee is not for their own protection. It is for the protection of the driver who suffers loss due to an accident caused by the uninsured. Victims are reimbursed by the state a maximum of \$10,000 per person for bodily injury with a limit of \$20,000 per accident. Additionally, victims can receive a maximum of \$5,000 per accident for property damage, after an initial \$200 deduction is made.

Troubles have just started for the driver and owners of the vehicle. They immediately lose their driver licenses! License plates from all vehicles registered to the owners of the uninsured vehicle are removed. For example, a family may have three cars, two of them insured, and a son causes an accident with the uninsured vehicle. The state confiscates driver licenses from mother, father, and son and removes the license plates from all three vehicles.

The law holds driver and owners "jointly and separately" responsible. Neither plates nor licenses are returned until total reimbursement is made; or until "financial responsibility" is proven and a "realistic payment plan" is reached.

Financial responsibility can be proven by: depositing \$25,000 with the state treasurer; posting a \$25,000 bond; by purchasing expensive financial responsibility insurance.

Once financial responsibility is proven, the state will agree to a repayment plan as long as the amounts are paid on a regular basis and are large enough to guarantee total reimbursement within a reasonable period of time. Delinquency in payments or loss of financial responsibility will again result in loss of license and plates.

Victims can take action against the uninsured driver to collect the \$200 the state does not pay. The state will refuse to return license and plates until it is paid.

If the accident is severe and the judgment exceeds the \$15,000 maximum, the uninsured motorist is still responsible for the balance.

Headaches and hardships which could result from not having liability insurance are so great that the cost of proper insurance seems small.

BITS O' TALK

Mr. and Mrs. Albert Hooper left Thursday after spending 17 days visiting his brother Mr. and Mrs. Charles Hooper. They had a wonderful time fishing in Lake Michigan while here. They were accompanied to Grayling by Mrs. Laura V. Vonville of Columbus, Ohio, who is making her home with the Hoopers. She is Mr. Hooper's sister.

Martha Dunn of Indianapolis, Ind., arrived Saturday to spend a week visiting Mr. and Mrs. Tom Evans.

Mr. and Mrs. Ronald Pickard and family of Monroe came Tuesday of last week and visited her mother, Mrs. Marion Butch, through the weekend.

Mr. and Mrs. Harold Long and Sharon, Mr. and Mrs. Al Elzinga and Lynn of Indian River, and Fred Allen of Frederic left Friday for Detroit to attend the wedding of the former's nephew James Cassel to Miss Elizabeth Ferguson at the St. Thomas Methodist Church in Rochester, in which Sharon was a bridesmaid. The wedding was an 8:30 candlelight ceremony on Saturday, and the rehearsal dinner was held Friday evening. All returned home on Sunday.

Mr. and Mrs. Russell Ballinger of Wayne came Monday evening to visit her parents, the Matt Bidvias, and pick up their children Laurie and Bobby who had been visiting their grandparents since Thursday.

Mr. and Mrs. Clarence Christian and children Michael, Danny, Peter and Amanda of Wrenn, Ill. visited his uncle and aunt, the LeRoy Christians, Wednesday to Friday last week.

The Reed twins, Terry and Mickey, were picked up by their grandparents, Mr. and Mrs. John Weiss, on June 19 to spend the summer working and helping them with their Miami Beach camping park at Thompson, Mich., in the U.P. They will spend one week at the 4-H summer camp as Junior camp counselors, near West Branch, in July.

Lt. Col. and Mrs. Michael J. Steger and family of Washington, D.C., arrived last Friday to spend a week visiting Mr. and Mrs. Fred Bear. Luncheon guests of Mr. and Mrs. Bear earlier last week were Joe Foss, former Dakota Governor and World War II Marine Ace, who has also been a longtime big game hunter, and Bob Munger, of Charlotte.

Mr. and Mrs. Bill LaGrow have their niece, Lenice LaGrow, here with them from Florida for the summer. She is helping out at the laundry. She flew to Cleveland and joined her grandfather Lionel LaGrow who brought her to Grayling Wednesday and stayed for a visit until last Saturday.

Mrs. Elsie Rasmussen is moving into the former Minnie Hartley home at 205 Peninsular, now owned by Mrs. Lillian Houghton.

Miss Hannah Kroll spent a week visiting her parents, the Charles Krolls, returning to her job in Ann Arbor Sunday before last.

Mr. and Mrs. Joe Gayer and daughter Julie of Pittsford, Pa. spent a few days visiting her mother, Mrs. Ellen Bensinger, at Eagle Point.

Mrs. Emil Hanson arrived June 24th from Detroit to spend the summer at her AuSable River home. Her son Nell and boys Doug, Jim and Billy, and a friend of Billy's spent last week with her here, returning home on Saturday.

Mr. and Mrs. Jack Trudgeon and two youngest children made a trip to Detroit Tuesday and Wednesday of last week to visit her sister Mrs. Donald McKay and family, and his aunt and uncle Mr. and Mrs. Mel Carter. The Bob Bovees were in charge of the rest of the family and the business.

Thursday guests of Mrs. Oscar Baker were her cousins, Mr. and Mrs. Robert Brown of Detroit. Mrs. Baker left last week-end to spend a few days with her son Mervyn at Skidway Lake, near Prescott.

Bradley Williams of Leslie returned home Wednesday of last week after visiting his grandmother Mrs. Roy McEvers for ten days, and enjoying some fishing. Thursday her sister Mrs. Irene VanAlkin of Napoleon and Mrs. Merle Worden of Jackson, arrived to visit Mr. and Mrs. McEvers, and accompanied them to Bois Blanc island to spend the weekend and holiday.

Mrs. Lawrence Trudeau turned her ankle a week or ten days ago and at first thought it was sprained, but discovered later it was broken and is spending six or eight weeks in a cast and on crutches. The Trudeau's son Dick and wife Lynn and baby Scott of Lansing spent the weekend and holiday visiting them.

GEORGE L. STEPHAN AT FORT KNOX, KY.

FT. KNOX, Ky., June 28 — Army Private George L. Stephan is assigned to Company E, 18 Battalion, 5 Brigade, here in the United States Army Training Center, Armor (USATCA).

He will spend the next two months learning the fundamental skills of the soldier in today's modern, action Army — firing live ammunition under simulated combat situations, learning protective measures and first-aid for chemical, biological and radiological attacks, as well as being schooled in the use of modern arms.

Interspersed with constant emphasis of proper physical conditioning, diet, rest and health habits, will be ample opportunity to utilize USATCA's many and varied recreational and religious facilities.

Following the completion of basic training, Pvt. Stephan, who is the son of Mr. and Mrs. Norman Stephan, of Star Route, Grayling, Mich., will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

CORNELL AGENT FOR LIFE INSURANCE CO.

The Mayflower Life Insurance Company of Michigan is pleased to announce the recent appointment of Willard H. Cornell, of the Cornell Agency Inc., as a General Agent.

Mr. Cornell, a former teacher and coach, has been a resident of Grayling for 35 years, and associated with the Life Insurance business for 25 years.

Mr. Cornell is a graduate of Western Michigan University, where he participated in three varsity sports. He is also a member of the Grayling Kiwanis and Sportsman Clubs.

Mrs. Beatrice Cornell and Paul Thomson, of the Cornell Agency, have also been appointed Mayflower agents.

4-H News

A belated note on the Nine Cookies. A horseback riding outing and cookout was enjoyed by them and their leaders Mrs. Reed and Mrs. Wieber. The girls wish to thank Circle D Riding Stable for accommodating them and for providing gentle horses for their leaders. They really enjoyed the day.

The girls are looking forward to the 4-H summer camp in July. Are there any adults who would be interested in being a camp counselor during that week so that the many children from this area will be able to attend? There is still need for a few. If there are any please call Mrs. Rolfe at 348-3847. The girls would appreciate it.

MEAKER - DUVALL WED JUNE 24th

The marriage of Shirley Pauline, daughter of Mr. and Mrs. Robert Meaker, to Larry Duvall, son of Mr. and Mrs. Reece Cox, both of Grayling, took place at eleven o'clock Saturday, June 24, 1967, at the Michelson Memorial Church. The ceremony was performed by the Reverend R. C. Puffer of Indian River, former Michelson pastor, before twenty friends and relatives. White chrysanthemums and gladioli decorated the chancel rail.

The bride wore a floor-length sheath gown of pink chiffon over satin, with matching headpiece and shoulder-length veil. She carried pink and white rosebuds.

Her attendant was Mrs. Steve Weaver of Frederic, sister of the bridegroom. She was attired in a floor-length gown of pale green taffeta, with matching headpiece securing a short veil. Her corsage was of pale green carnations.

Kenneth Lazarowicz served as best man. Mrs. Meaker chose a royal blue brocade gown with carnation corsage dyed to match. Mrs. Cox chose a green knit costume with matching carnation corsage.

A 6:30 reception was held at the Bowhunters Club for 250 guests. The building was made gay with pink and white decorations, and a four-tiered wedding cake centered the bride's table. Assisting Mrs. Meaker with the guests were Mrs. Sam Bailey and Ruth Ann Meaker. Following a gay and happy evening the couple left on a week's honeymoon to Niagara Falls and southern Michigan.

Mr. and Mrs. Duvall will be making their home in Beaver Creek. Shirley is a 1957 graduate of Grayling High School. Her husband has completed four years of military service.

Announce Engagement

Mrs. Alex Atkinson of Karen Woods, Grayling, announces the engagement of her daughter Karen Marie, to Mr. Karl E. Golinick, son of Mr. and Mrs. William Golinick of 804 Ogemaw, Grayling. A September 9th wedding date has been set by the young couple.

Services Wednesday For Mrs. J. E. Strong

Mrs. Jerome E. Strong, 78, of Lake Margrethe passed away early Monday morning at Grayling Mercy Hospital. Death was attributed to pneumonia and she had been in ill health for some time.

Services were to be held at 2:30 Wednesday afternoon at the Michelson Memorial Church with the Rev. Hollie Luter of Freeland officiating. Interment was to be at Elmwood Cemetery. Serving as pallbearers were to be: Melvin Nielson, William Joseph, Earl Burns, Devere Dawson, John Alef and Clair Melroy, Jr.

The deceased was born August 25, 1888 in Middlefield Township, Otsego County, New York to Anna Eckler and Oliver Cromwell Wood. Named Myrtle Charlotte Wood, she attended rural schools in New York and was united in marriage at Milford, New York on June 1, 1910 to Jerome Edwin Strong.

Her husband preceded her in death in 1961 as did four sisters and four brothers. Surviving are her son, Robert Wood Strong former editor and publisher of the Crawford County Avalanche, one brother, Arthur of Otsego County, New York; one sister, Mrs. Lena Lane of Hendersonville, North Carolina; two grand children and five great grandchildren.

She was a member of the Michelson Memorial Church, the Matilda Bauman Circle and the Mercy Hospital Auxiliary. She was a good mother and wife. Her hobby was handicraft and she made many lovely articles for her family and friends.

BITS O' TALK

common - Grayling - Gaylord area, described by Bergman as one of the state's most dangerous sectors for forest fires. For the time being, the other two planes will be used for aerial detection of fires in the Upper Peninsula. Their home bases above the Straits have not yet been selected.

Besides their promising potential for water-bombing and fire surveillance, the versatile "Beaver" may be used to airlift fire-fighting ground crews and equipment into hard-to-reach areas of northern Michigan.

Bergman points out that the planes will seat five passengers and have a cargo carrying capacity of at least 1,200-1,500 pounds.

A S R S R C

The thirteenth annual reunion of the "AuSable River Rats Summer Reunion Crew" (ASRRSC) was held at the summer home of the Charles B. Parks on July 2nd.

The ASRRSC is basically composed of a group who grew up spending their school vacations at their parents' summer homes along the AuSable. The members now live in various parts of the country but plan each year to be in Grayling on the Fourth of July week-end to renew long standing friendships.

The reunion activities started with the men playing golf in the afternoon. Jack Pierce and Bob Johnson shared the annual trophy for low gross. The whole crew then gathered for cocktails and dinner at the Parks'. Following dinner and before the reminiscing began, the annual one minute business meeting was held. Bud Snider was elected chairman for the coming year and Larry Jackson sec'y.

Those in attendance this year were: Mary (Parks) and Larry Jackson of Midland, Honey and Bud Snider of Lansing; Billyann (Clippert) and Jim Brown of Mt. Clemens; Jan (Snider) and Jack Pierce of Birmingham; Mary and Denny Day of Okemos; and Doreen and Bob Johnson of Northbrook, Illinois. Unable to attend because of the press of business and personal matters were: Marty and Dick Parks of Denver, Colorado; Ann (Evans) and Bob Druhot of Fort Wayne, Indiana; and Maureen and Fred Parks of Traverse City. Next years reunion will be at the home of the Glen Days.

Doreen and Bob Johnson of Northbrook, Illinois, are spending a few weeks of their vacation with his parents, the Carl E. Johnson's.
